# STUDENT VETERAN ASSOCIATION

The Edinboro University Student Veteran Association (SVA) is open to any student who has ever served in the U.S.

Armed Forces, whether on Active Duty, Reserves, or in the National Guard.

As a service-oriented organization, the group's main goals are to increase

veteran camaraderie and peer-support, bring awareness of military and veteran issues to campus, and to serve the larger veteran community in surrounding areas.

"It has been a great experience for me to be an active part of the Student Veteran Association, to see the teamwork, and to work with other veterans on school and service projects."

– Stacy Pancoast, Communication Studies '14, U.S. Air Force

# **VETERANS WITH DISABILITIES**

Edinboro University has a nationally recognized Office for Students with Disabilities (OSD) that works in conjunction with the Veterans Success Center to support wounded or disabled military and veteran students as they transition to University life. Veterans coming to school often have unique concerns related to this transition, and the OSD stands ready to assist with the transition.

We also offer on-campus counseling through Counseling and Psychological Services (CAPS) at Ghering Health & Wellness Center. Staffed with psychologists and counselors, CAPS has extensive experience in assisting students as they transition to an educational environment and cope with traumas, PTSD, depression, anxiety, anger management, and other circumstances.

If you would rather speak to a counselor who specializes in working with veterans, the Veterans Success Center has an excellent working relationship with area VA Medical Centers and the Vet Center in nearby Erie. In fact, both organizations offer services to students in private settings on campus with no need to travel.
